Mr. Ken Early  
District Engineer  
Division of Water Pollution control  
Ohio Environmental Protection Agency  
2195 Front Street  
Logan, OH 43138-9031

Dear Mr. Early,

We are applying for renewal of the above referenced NPDES permit. Under U.S. E.P.A. Rule 40 CFR 122.21 (g)(7)(I)(B), we understand that State water quality agencies can waive some wastewater analyses required by the permit application form where the character of the discharge makes such waiver appropriate.

For the outfalls shown on the attachment, we request a waiver of the analyses shown due to the character of the wastewater being discharged, as specified on the attachment.

Sincerely,

Jack A Hamilton & Associates, Inc.
